“ Betsy was one of the most vital and active women I have ever known. She enjoyed life to the fullest, and seemed to be happiest when she was boating, crabbing, fishing, or swimming at Long Beach Island. She saved me from a rip tide when I was a teenager, and did it all without fuss or panic. I have a great memory of Betsy surf-fishing in her later years, scoffing at those friends or family who were concerned about her! Betsy was my mother's best friend, and it will be a big loss not to have Betsy right next door to her. She will be missed, but we know that she is at peace now. I am glad that she has crossed the Rainbow Bridge to be reunited with all of her beloved dogs and family, Kathy Kilcher

“ I met Betsy 17 years ago chasing blue fish down the beach on 40th st. We had rented the corner house and her in her blue hat and me with my FD baseball hat went running. Lou and behold we purchased a condo on 40th in dec 2009 and in the spring I see this woman coming over and it was Betsy. Instant friends and conversation over just about everything. A strong spirit with opinions about the eagles and phillys that I would tease her about due to my being a met fan. We had a 1 dollar handshake bet each spring regarding who would finish higher in the standings. We were even. So this year I'll cover your bet. Rick and Maureen Houlihan

“ Aunt Betsy taught me how to catch a pop fly baseball. And, she told me where here secret crabbing spot was at LBI which at times was so good we would bring home dozens. The year before my Mom died I went there with her and my two boys and loaded up.

She was always gracious and kind.

“ Aunt Betsy was such a happy up person. That is a great photo of her. Captures her personality. Dennis and I loved going down and taking the dogs to see her- she just lit up.

Andy took such great care of her. He was such a good son. I know Aunt Betsy appreciated it.

I know having Josie, such a wonderful person, right next door - was a great comfort to her.

When I saw her a few days ago she was still smiling!

I will always remember her love of fishing. She couldn't wait to get down there and cast the line in!

I will always think about her on the super bowl. Those fun party's with all of the neighbors and friends, her special soup and that delicious candy she made.

She was always the fun Aunt! She even let us build a tree fort in the big tree in the front yard! Such fond memories of her.

We will miss walking or driving by her house and seeing her in the front window watching the game. She was a great lady.

Love always, Bob and Dennis
