“ Dr. Mikuta was one of the kindest, gentlest men I've ever been lucky enough to have known. When I was 11 years old back in 1983 I was referred to him for what was, at that time, one of the worlds youngest cases of Gyn cancer. He was so kind and treated me and my family as though we were his own. Dr. Mikuta consulted with my surgeon and, I believe, was there for the surgeon. I never forgot about him! The world needs more Doctors...and more MEN..like him taking care of people today. He will be missed and he made an extremely positive impact on my life! May he rest in peace.

“ Dear Margaret, Dan, Paul, Ann, and, Mark, My most sincere sorrow for your loss. As you may or not know, your husband, brother, and father was not only a mentor and friend, but literally the man that changed the course of my life. Since I was one of his first fellows ,before Gyn Oncology was a speciaty, we were able to enjoy time together after our mutual retirements, primarily with a round of golf four or five times a year over the last ten or so years. After, we could enjoy prolonged discussions often relating to medicine, sports, and politics. Since we were always on the same page on all of these subjects, it was always a pleasure. He will certainly always be missed for the remainder of my years, as I am sure yours, Sincerely, Charlie Mangan

“ On behalf of the John J. Mikuta Society, we would like to extend our condolences to the family and wish you all well during this difficult time. Dr. Mikuta was our teacher, mentor, and friend over the years. During his later years, he continued to help with the education of students as far away as Ghana, West Africa, by generously donating numerous textbooks and teaching materials to the new medical school (The University of Cape Coast School of Medical Sciences) there. We will surely miss him. God bless you all.

Sincerely,

James Aikins, M.D.
President, John J. Mikuta Society

“ My condolences to Dr. Mikuta's family. He was a great physician that helped better the lives of many women with cancer. He was the epitome of professionalism and his lasting effect on several generations of gynecologic oncology fellows will be his legacy. He will be missed - I was proud to have known him. Heidi J. Gray, MD

“ We want to let you know that John and you are in our prayers and we send our deepest condolence.

Truly Yours

Bob and Geraldine

Robert and Geraldine Giuntoli - January 28, 2013 at 02:07 PM

“ Dr. Mikuta was my ob-gyn many years ago in Delaware County, Pennsylvania. He delivered my oldest two sons. He was a great doctor and I only have fond memories of my experience with him. I was in my early 20's and he was so reassuring to me during both my pregnancies. I remember that his first wife Dorothy sometimes acted as his receptionist and she was always very kind to me. Condolences to the whole family.

“ Dr Mikuta was one of my mentors. I will miss his advice and friendship. My thoughts and prayers are with the family. John L. Powell, MD

John L. Powell, MD - January 27, 2013 at 07:41 PM

“ On behalf of the Division of Gynecologic Oncology at the University of Pennsylvania, our most sincere condolences to the Mikuta family on the loss of this remarkable man. He was a role model, mentor, and inspiration to all of us who had the privilege to know him and work with him. He will be sadly missed, but fondly remembered.

“ John Mikuta was a great role model to generations of physicians. By word and deed, he taught us how to be professionals. Although it has been nearly 40 years since I left Penn after medical school and obstetrics and gynecology residency at HUP, I think of John and what he taught me often. He was very important to our family and in personally guiding my career.

“ Catherine A. Zador lit a candle in memory of John J Mikuta MD

Catherine A. Zador - January 27, 2013 at 12:07 PM

“ I worked with Dr. Mikuta through Protocall Healthcare and Staffing Services In Phila., PA. I was a Registered Medical Assistant and worked at Hospital Of the University Of PA. for The Dept. of Gyn Oncology on many occasions. I enjoyed working with Dr. Mikuta he was an excellent doctor very caring and compassionate with all of his patients and staff that he had worked with. He was a great teacher he taught me so many things that I didn'y know about gyn oncology it was very interesting. I enjoyed working with him. I will miss him very much. He saved so many patients lives they will always be grateful to him. He was a class act doctor and a true gentleman. He will be missed by everyone who knew and worked with him. My deepest and sincere condolences to the mikuta family. May his memory be eternal.

Sincerely,

Catherine A. Zador

“ I will never forget this wonderful doctor. He lovingly took care of me when I was 42 and had female issues that required surgery. I am a senior now and have never forgotten his gentle bedside manner. He was a very "special man" and many of us who came to know him still love him. God bless you Dr. John.
