“ I loved seeing Russ on my many walks by his house with our various beagles over the years. We chatted about this and that. My mother used to walk our beagles when we worked and she too became friends with Russ. What an wonderful man and always a smile on his face. I picked a small glass from the yard sale table at his house and each time I use it I think of him. So lucky to have known him.

“ Our sincere condolences to Mr. Gunning's family and friends. Our father, Bert Bubeck, spoke often of him while we were growing up, and my brother and I looked forward to talking to him the past few years when we would pass by his house. He was such a loving man, and will be missed terribly. The world was made brighter while he was in it, and now a little of the glow is gone. Regards from Rich, Dave and Jeanne Bubeck

“ To Marlene and Rick,  
I first met your father, Russ, in town many years ago at Michel's Kitchen where he was a regular. Started to talk with him one day and found out he lived right down the street from me. We formed a delightful friendship and became very supportive of one another. Many fond memories of whiled away hours spent on his front porch talking, laughing and sharing stories about life and adventures therein while surrounded by the beauty of nature, rain or shine. Of bringing him fresh baked goodies from the oven and seeing the smile on his face. Once in a while I took him to breakfast and dinner which he so appreciated. We shared a love of pets and I got to meet Pepper and eventually Jessie. He always had a treat for my dog, thus she wanted up on his porch too. He was so excited to see her and be fussed over. As he aged I regularly

brought him food that he was so grateful for. He was a very generous and kind man first and foremost to his family, but also to the town and all those blessed to be able to call him "friend." It is with great sadness that I learn of his passing, but I know he is in a better place and back in the arms of your mother who he spoke of often and so lovingly. There is nothing like the loss of a parent and you were rewarded with one of the best. Thanks for sharing him with me. The red candle lit here is a nod to his dedication to the Fire Department. My heart goes out to you both at this sad time. He continues to live on within both of you. Reach for him often, he is always there, as is his great sense of humor. I miss him already. Be strong! Driving past his home on East Third Street and tooting my horn as he waved will be a constant memory as will his warm smile.
