“ *I worked with Bernadette as my advertising contact with IOP Publishing for many years. When she was able to attend the Materials Research Society Fall Exhibit in Boston, we would meet for lunch or dinner. I have many wonderful memories of our restaurant experiences and the conversations we had. She was a loving mother and always a friendly and caring colleague. I will miss her very much.*

“ I will miss Bernadette. She was always fun to be with. No matter what was happening in her life, she did not complain ... she just kept trying. She was so proud of Morgan and Wesley. I am so sad that they have lost such a great mother and friend.

To Morgan and Wesley:
My deepest condolences about your mother...
The two of you have been so blessed to have a Mother of such strength, Love, and Passion for the two of you.
Her and I both wish the two of you in all your future success, because there will be.
The two of you have inherited all of her strength, and in time you will feel all of her energy.
God Bless both of you.

“ Bernadette was the loveliest, most down-to-earth woman from the moment I met her at Roberts School when Morgan and Everett were kindergarteners. She suffered a lot with her illness. May her family find comfort in knowing how many people loved their mother.

“ My thoughts of Bernadette go back to when she was growing up ;her mother had 6 brothers, 3 married & 3 single , Stanley, Sigmund ,& Peter were single. But you`d think that they were married to Bernadette`s mother Agnes. There was not a thing that they would not do for the LOVE of the little girl named Bernadette if she asked them. Now she is in Heaven with them & I am quite sure they will put in a good word with Our Lord for the little girl who gave them so much LOVE.
