“ *Bertha was the first voice and face I met when I was hired as the Church Secretary 30 years ago. Since then she and I became 'special' friends over the years. She was a beautiful, sweet and caring lady who always had nice things to say to me. She would tell me time and time again that the 'church' made the right choice when they hired me and that I am a real asset to the church. She always had a way of making me feel special. We all benefited when she would pop in the church office with one of Frank's delicious baked goodies. I was blessed to have known someone like Bertha and will miss her smiling face, happy attitude, energetic spirit and her love of life and the people close to her. She made a lasting impression on my husband, Dennis and she loved his Sunday hugs.*

Love,

“ I will remember Bertha (Bate) as always having a smile on her face. She was so energetic and enthused about whatever she was doing. Our Methodist Church meant so much to her in her life, especially having lived across the street from it when she was growing up and later in life. I will miss her smile and positive attitude no matter what her circumstances, especially after losing her dear husband, Frank, a few years ago tragically. They were both so generous with their cooking and baking sharing it with many people through the years. I remember many New Years Eve Parties where Frank did a lot of the cooking and Bertha always had her very best China out for the occasion.
Blessings and condolences to her children, whom I have known since they were children, Louise and “Frankie” at this time of loss.
