

Dawn Fuss

January 11, 2024

Dawn suddenly passed away due to Covid Pneumonia on January 9, 2024. Dawn lived a life of love, joy, and laughter. Anyone that knew her would say that she would brighten up any room. She loved to travel and explore new hobbies throughout her life. Her art and photography were her passions later in life that bright her so much joy.

Early in life she married Michel Smith and gave birth to two amazing sons Daniel Smith and Charles Smith. She was a loving and nurturing mother to them both.

Later in her life and after some struggles she found happiness in her second husband Karl Fuss. With Karl and his mother Ann, Dawn found peace and happiness again in her life. Together they started multiple businesses and traveled and lived in Vieques, Puerto Rico.

Dawn's favorite memories were waking up and feeding the wild horses on their property with their dog Sampson. If you knew Dawn then you know that name Sampson all too well because all of her dogs and cats were all named some version of it.

Dawn was a devout member of her church, First Presbyterian Church in Moorestown New Jersey. Her support system in New Jersey was second to none. They were her a part of her family and will miss her dearly.

Dawn will be missed by her loving family, sisters Darene Dorton ((Darryl), and Diane Leigh Dettmering (Steven), her first husband, Michael Smith, sons Daniel Smith and Charles Smith. She will be missed by her Cousin, Jan
