“ *I heard of Dom's passing in July 2021. It was with shock and sadness, as we were friends and colleagues for many years. We worked at Holy Redeemer and attended conferences together. Phone conversations were bi-weekly. After many attempts to make contact, but with no avail, I received word that he had passed!!*

I miss his presence and our shared comradery. My deepest sympathy to his loved ones!

Sincerely, Dr. Eric Singh

CS

I just came to know about Dom and felt very much shocked and sad.I knew him since he arrived in Fargo.

He spent first night in my room before he could find a place for himself next day,

We both were in Salt Lake city also together,I returned to India he went for his Medical school.

When I visited in New York, he called me that he is coming to see me with Nancy,I told him ,I will visit instead.

I wanted to give him a surprise visit which could not happen instead he gave me a shocking surprise.

I was unable to contact him for quite some time so searched for him and got this sad news as a surprise.

My mind is full of memories with Dom,an unforgettable true friend. My sympathies to his family and loved ones.
