“ *Donna Fitz and I were friends and co-workers at Horizon. We always talked about our pets and our beloved mustangs. We used to do a coupon exchange every week. She would tell me stories about her Dad and Ireland all the time. She was such a sweet woman. After her retirement, I moved to Arizona and she started to mail me coupons for all my pets and she was always sending emails about politics or something she found funny and wanted to share. That's how wonderful she was. One day the emails stopped and I hadn't gotten coupons in the mail for a long time. I emailed and called her several times but never got a response. I reached out to old Horizon friends to see if they heard anything but still nothing. I looked online but nothing was there. I tried another old Horizon friend today and was told that she heard that Donna passed away but nothing was sent out to the department, so wasn't sure if it was true. I looked online and found this and my heart just sank. My friend passed away and I had no idea. I missed her service and didn't get a chance to say goodbye. My deepest condolences to her family. Fitz....RIP my friend. I truly hope you are in heaven cruising around in a Shelby!!*
