“ *I was so sorry to read Doris' obituary in the paper this morning. I retired from medical practice eight years ago but I still remember that whenever I would see Doris, my spirits would be lifted for the rest of the day. I'm sure she had that effect on many. She was a classy, delightful and determined lady who took great care of herself and cared deeply about her family and her business. It was truly a privilege to know her.*

My deepest condolences to her family and loved ones.

“ We've been a customer of Accu Staffing Services for many years now. While I only met Mrs. Damm a couple of times, I remember perceiving her as a person of great strength. Coincidentally though, a good friend of mine (who is a minority business owner) shared a memory with me that when she first started out in business, Mrs. Damm coached her and offered to mentor her. That was such a touching story and a strong testament to the type of woman Mrs. Damm was.

On behalf of Simmons Pet Food, I offer my prayers and condolences to the family.

“ This is such a lovely picture of Doris and is exactly how we remember her.... She was a beautiful, elegant, brilliant & influential woman who was always so caring & loving to us and our family! Chris & I enjoyed seeing her so beautiful during her Christmas parties and always so impressed seeing her in action at some of her business events. Our kids, Kyle & Kasey just adored her and made sure they always went to Doris & Ed's house for Halloween (to get their special treats), or to visit "Nemo" in their fish tank, or see the "biggest fish they ever saw" goldfish in the backyard.... Or just visit to say hi! (& of course Doris would make them take candy from the candy bowl before they walked home!) There was something very, very special about Doris that even the kids admired! She will be missed dearly by Chris & I.... And we will hold Ed and all of the Damm family in our hearts! Our deepest condolences to you all!

Love, Chris, Kori, Kyle & Kasey
