“ Betty Lingo - A Beautiful Person

It was a privilege to know Betty. I met her when she was assigned to volunteer in the Finance Department at Frankford Hospital/Torresdale where I worked at the time and where Betty volunteered for many years. She made many lasting friendships as I as well as others kept in touch with Betty over the years.

Betty's picture brings back many wonderful memories of stopping by The Evergreens to to see her when I went back home to visit. I will remember her with warmth and love.

“ I met Betty years ago as a volunteer at the Evergreens. At the time she needed help with her computer. I didn't know how to do what she wanted to do when I first got to her apartment but we figured it out together. We also became friends. She taught me more than I ever taught her over the years and was an inspiration. She was smart, funny, energetic, fearless and, sometimes, quite feisty. A real firecracker. I was lucky to know her.
