“ Dr. T was the best doctor I ever had. He delivered both my kids and was terribly missed when he retired. So sorry for his loss - he was a wonderful person and fabulous doctor. He'll always be remembered. Joy Bradley - a former patient in the 60's & 70's.

“ I will remember Dr.T with love and deep gratitude for bringing two of my most precious children into this world. After delivering my second child in 12 months time, Dr.T said to my husband and I,"so will I see you two again next October?" I responded, "you may see him but not me" Dr.T responded, "well thank you for putting my twins through college." We all started giggling. Dr.T brought so much joy to so many people. He will be missed tremendously!

“ Dear Ginny, Chrissie and Ted,

We were so sorry to learn of Gabe's passing.

What a wonderful man - and what special place he will always have in our hearts!

He took a scared kid - me - through three pregnancies, and we've never forgotten his kindness- or his friendship. What joy he brought into our world - and the worlds of so many others.

Chrissie and Ted, your dad was so enormously proud of you - and for good reason.

Ginny, of course he loved you so dearly.

What a loss for all of you.

We are surely thinking of you - and also of the wonderful man you mourn.

Love,

Sally and Vic Friedman

Gabe and Virginia were our neighbors for many years. We had many good times together, especially going to lunch in new and different places. He was a good friend of ours and will be sadly missed. Bob and Louise Langerhans

“ I first went to Dr Tatarian when I was 20 in 1978, I was so sad when I decided to have children, in 1987, he was no longer doing deliveries. I remember how caring he was. He will be missed.

“ My mother, new to this country as a WWII bride from Holland, Dr. Tatarian always went out of his way to care for her. She was one of his first patients when he moved into his offices in Willingboro and Dr. Tatarian went that extra mile to make sure she was well taken care of and always made the time to talk with her....and with her heavy accent I thought he made it a point to stay and understand what was bothering her. Thank you Dr. Tartarian for being one of the few doctors my mom felt the best with.

“ It was 43 years ago I first met Dr. Tatarian. He delivered my first daughter and 3 years later, my second daughter. He not only gave them life, but gave me comfort and more importantly his time, his smile, his concern. Five years after the birth of my last daughter, we met in the emergency room of Rancocas. It was Mother's Day and my youngest had broken her wrist. He came right over to me, spoke my name and smiled at the little girls he once held. I was so surprised that after 5 years and countless babies, he knew me. I have lost a friend, yet see his wonderful memory each time I look at my girls.

Thank you Dr. Tatarian for your giving gift of life. Barbara Thomas
