

George Edward Mark, IV MD

December 30, 1973 - October 13, 2024

George Edward Mark IV, MD, age 50, of Moorestown, NJ, passed away suddenly on October 13, 2024.

He was born on December 30, 1973, in Montreal, Canada, and moved to Philadelphia as a young child.

He attended Penn Charter High School, where he made lifelong friends. He later attended Wesleyan University, then returned to Philadelphia for his medical education, where he met the love of his life, Amy. They married at Christ Church in Philadelphia and raised their family in Moorestown, NJ.

George was respected and admired in the medical community for his skill as a doctor. He was known for his compassion, expertise, and unwavering commitment to his patients. He dedicated his professional life to cardiology and electrophysiology, as a member of the Heart House group.

George leaves behind his beloved wife of 20 years, Dr. Amy Evangelisto. He was a dedicated and loving father to his children, Tyler and Katie. George is survived by his parents, George Mark III and Molly (nee Zindel) Hoyle, and brothers Paul and Alex Mark.

George loved traveling, history, cooking, making homemade pasta for his family on Sundays, tailgating before Eagles games, golfing, and fishing. Most of all, he loved spending time with his children and his wife.

Friends are encouraged to send written memories of George to the family home. In lieu of flowers, donations may be made to the American Heart Association. <https://www.heart.org/>

A memorial reception will be held at the Moorestown Community House on Wednesday, October 30, 2024, with a reception from 4-7 pm and a memorial service at 7 pm.

Condolences may be left at www.Lewisfuneralhomemoorestown.com

“ I was shocked and disappointed to find out that Dr. George Mark passed away. He treated me for WPW years ago. He did my electrophysiology study and even gave me a flecainide prescription. Dr. George Mark was a good man, and a great doctor. I'm thankful to have had the honor of being one of his patients.

“ I was a patient of Dr. Mark since 2019 he performed my cardiac ablation. I never knew or felt the extra heartbeats which had amazed him and his staff. He highly recommended the surgery because these beats can damage my heart wall. He explained everything in detail so it would ease my concerns. After it was done which took longer than a normal ablation, he than again explained what he did to me and my family. Such a wonderful, caring man and so dedicated to the Doctor he represented to his field. I was so saddened to read the letter I received. Taken way too soon. Must be true "Only the Good die Young". He certainly was. My condolences to his family, friends, staff, and his patients. God Speed, RIP Dr. Mark

“ Dr. Mark was an extraordinary doctor. He performed my surgery exactly a year ago. He was a wonderful surgeon who truly cared. "His compassion and dedication made our world a better place. "Thank you for being such an extraordinary doctor." Rest in Paradise!

L. Nelly Cruz-Henry - October 28, 2024 at 09:03 PM

“ I met Dr. Mark in january of this year to discuss my heart problem. From the time he entered the exam room I felt so completely at ease.He was so kind thoughtful professional and happy.Big smile and gladly shook your hands. Such a wonderful person. I am in shock as all are of his passing. I remember how tall he is and saying to him, your the only doctor I have that meets me eye to eye. He took all my fears away for my heart ablasion.
He was one of few doctors that you cant wait to see.So sad to hear of his passing.May all these wonderful comments give you peace at this difficult time.My deepest sympathy to the family. Rest in peace Dr. Mark.

Peg Ramey - October 28, 2024 at 11:47 AM

“ I have been a patient of Dr. Mark for many years. He was one of the warmest, kindest and most caring doctors I have ever met. When my young son was rushed to the hospital with a heart ailment, I consulted Dr. Mark and he took over my sons care. My son has since grown up and relocated. Dr. Mark asked about him at every one of my appointments; always remembering his name. Extremely talented physician, incredible person. My thoughts and prayers go out to his family, colleagues, friends and other patients. Surely he is irreplaceable in all of those aspects. There is no way to make sense of this loss. One who saved so many, taken WAY too soon. May the knowledge that he was loved by so many be a small comfort to you during this time. Rest in peace Dr. Mark.

“ *I am saddened and heartbroken to hear this news. Such a warm, caring, genuine, gentle man. A brilliant cardiologist. Dr. Mark has been a part of my life for many years. He would take the extra time as busy as he was to really listen to my concerns, and chart a course for my medical care. As I am confident that he did for all of his patients. He has been taken oh too soon. To his family...many prayers are being sent to sustain you in your grief. To Dr. Mark...may your soul rest in peace. I thank God for the time that He allowed us all to be blessed with George E. Mark IV. Sent with Love from Nancy E. O'Donnell*

“ *I remember first meeting George as an intern at Temple - he was a chief the year I started. It was so fun to reconnect at Cooper more than 2 decades later and see that big, warm smile. We shared some stories about Penn Charter after telling him that is where my 3 boys went to school. My heart is so heavy for his family and all those who loved him well. Hard to make sense of such a big loss.*

Mary Kraemer - October 22, 2024 at 05:29 PM

ED

“ *I am not at all surprised at the touching tributes here. I met Dr. Mark about 15 years ago. My Dad had a cardiac event on a weekend and was in the hospital. I was there with my Mom; it was a stressful time. Dr. Mark came into the room, pulled up a chair and said, "Let's talk." My Dad started to describe his symptoms and Dr. Mark said that's not what I mean. He asked about the family and told us about his family. After a while he then asked what happened. He cared for my Dad for 15 years and even performed a procedure just a couple weeks ago. A true gentleman - kind, giving, caring, intelligent and honorable. He is already missed.*

“ Dr Mark has been my cardiologist for only 1 1/2 years. He was so personable, caring and empathetic that I feel like I have known him forever. I will miss him dearly. I came home from the shore on Sunday night to make sure I would get to my appointment with him on time on Monday As I was going through the mail, there was an envelope from the Heart House. I opened it thinking it was a bill. Instead it was a letter telling me of his death a week ago. My heart fell to my knees. I couldn't believe this wonderful talented physician should be taken so young I will surely miss him with all my heart. My deepest condolences and prayers go out to his family. I am so so sorry for your loss.

“ George lived life to the fullest. He was brilliant and kind. He will be missed by all. Our thoughts and prayers are with Amy, the children, and the rest of the family. We will always remember him smiling.

Priya Gor - October 19, 2024 at 05:25 PM

SS

“ George was not only an amazing physician but an extraordinary person. He was the first doc I had the privilege to work with in the OR when I was in X-ray school. Just a pacemaker implant but I was a nervous mess and he made me feel so comfortable. I was honored to work beside him for the next 13 years at Cooper. I'll miss him in the halls of Cooper but even more so his visits on Sunday in the lot before Eagles games. Years ago I visited his RV and he made me an awesome cheesesteak and I loved returning the favor over the last 2 years every time he came down.

Steve Schell - October 19, 2024 at 03:32 PM

“ To know Dr. Mark was to love Dr. Mark. He was not only a doctor, but a husband, father, son, and friend. He was the most humble person I've ever met and worked with. His passion for medicine was unlike any other. He genuinely loved and cared about his patients. I had the pleasure of working with Dr. Mark for many years, and loved talking about the Philadelphia Eagles. I remember the day before the Eagles Super Bowl Parade, he called me and said “I found coverage, now let's go celebrate the Birds tomorrow” . We showed up to work the next day, and talked about our experience at the parade. Dr. Mark, you touched the lives of everyone you crossed paths with. You will be missed tremendously. To Dr. Mark's wife, children, and family, may you find some peace in knowing the kind of man George was, and all the lives he touched. Continue his legacy and spread love wherever you go. Dr. Mark, fly high with the Eagles and watch over your beautiful family. Rest in Peace!
