“ *Dear Tiffany family,*

Although I never met any of you, I wanted to express that I share the loss of Reiss and will deeply miss him. Reiss and I became business associates in the early 1980's. Soon after, our relationship evolved into a friendship that lasted for thirty-five years. Kindred spirits, we enjoyed sharing our philosophies and perceptions of life. Reiss not only befriended and served me but also many colleagues of mine in the companies for whom I worked. We all benefitted from and enjoyed our friendship with Reiss. He will be remembered fondly by me and amongst my family and friends.

“ Dear Tiffany family:

I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.

“ We will miss seeing him walking his dog behind our house and always stopping to talk. Such a friendly man and always had something nice to say.
