

Jack Gorelick

February 14, 2025

Jack Gorelick passed away on February 14, 2025 surrounded (literally) by loved ones in his home in Moorestown, NJ. Jack was a native of Jamaica, Queens, New York and after graduating high school early and working on a farm for a year, decided to attend the Agriculture School at Cornell University and graduated with a Doctor of Veterinary Medicine in 1958. While in Ithaca, he met his wife, Edith (Edie), who was a music student at Ithaca College. The Gorelick's moved from Long Island, NY to Cherry Hill, NJ in 1965 when Jack purchased Garden State Animal Hospital, which he, Edie and his daughter Suzanne would run as a family until he sold it in 2005. During his long career, he supported the K-9 unit of the Cherry Hill Police Department and cared for generations of family pets. Jack loved orchids, world travel, saying "good morning" no matter the time of day, walking at local parks, and a king cut prime rib. He will be greatly missed by his close friends and family, including three children, ten grandchildren and four great-grandchildren. In lieu of flowers, please consider a donation to The Tender , The Tender, Inc., 4501 Church Road, Mount Laurel, NJ 08054, which was instrumental for Jack and Edie as they navigated her Alzheimer's diagnosis.
