“ *Heartfelt condolences to you all. I met Jim about a dozen years ago at the Haycreek Festival in Pennsylvania. I guess you can say that we became friends over that period of time and had many discussions about anything and everything. Jim will certainly be missed as well as his beautiful God given talent. Many Blessings.*

“ *i send my thoughts and prayers to his family Mr.E was one of my favorite teachers that I will never forget and now I know I will never forget him because god called him home a day before my birthday! Mr.E was a great man and he thought me many things he taught me how to make a piece of wood beautiful as well as to never give up on myself even of everyone did! I will always cherish this that he would tell me to keep making everyone frown as i smiled and I did and we were reunited since high school and he told me how proud he was of me! Thank Mr.E for never giving up on me ! I will love and remember you forever 🥹 Rest easy and be at them gates when I get there!!!*

“ I taught with Jim at GIS. He had a heart of gold. Always doing for others <3 He had a funny name for everyone! He would call me 5-0, after the TV show Hawaii 5-0, because I reported a boy who called in a bomb scare to the school. He would see me in the hall and say "book 'em Danno" :-)
He messaged me back in March to tell me he had cancer....funny thing, so did I. We chatted about treatments and just recently, I was wondering how he was doing. He was a great guy who will be sorely missed. My deepest condolences to the family. Michele a.k.a. 5-0

“ I was shocked to hear of Jim's passing.I haven't talked to him for a while.he was a sensitive guy who enjoyed talking about cars, guns and glass blowing.we also had some interesting talks about the Lord and Bible.he enjoyed gardening and sharing its produce. I will always appreciate the Window Bottle he made for me.Praying for you Marge and family.

“ It's sad to hear of your passing. But I have joy in heart knowing your life touched so many people and your purpose has been fulfilled. Your sense of humor was priceless... "Roany you're late again"... lol... crazy thing is I was late even in college and late to graduation somethings never change... I am grateful for the time we spent and the love you showed us. I pray for your family that they will find comfort knowing your life was a blessing to many.

“ Jim was a great colleague and friend during our stay as educators in Glassboro. He was always helpful and had a fairly quiet but smooth personality. Besides teaching in Glassboro, he loved to work on cars. During retirement, I would stop by to see him...as always, working on cars. But he would stop and chat for a bit. And then, off we both went back to what we enjoyed....retirement! Jim will be remembered as a very good friend and colleague.

“ This was a great man whom we will all most certainly miss. When you needed a friend, you could count on Orkie. He saved me more times than I could count. He pulled my car out of a swamp, fixed my Chevy, and drove me home safe. Jimmy used to call me "The Push Button Kid"! He taught me so much; not only about cars and engines, but about how to be a friend. I'll never forget those winters in the tow truck winching cars out of the snow or summers at the river. Rest in peace, Orkie.

“ I'm very sad to hear this. Mr E was my favorite teacher. I have a serious problem with touching untreated wood and he convinced me to join woodshop. I still hate it but can live a normal life. He was always so kind and my crappy work was always praised. Even after his class, u would see him in the hall and he would always make you feel important. Great man amazing teacher. Rest in peace

“ I was actually just talking about Mr Engleman last night to a friend. I was new to Intermediate and had a rough time but I always enjoyed his class more than the others. He was a great man and I reminded me a lot of my father, who recently passed at 59. I'm so sorry to hear of his passing. Sending lots of love and prayers to your family.

“ Cant believe you are gone Mr. E...
The memories of wood shop back in 7th grade... wow down memory lane..
The best memories was his saying "Your about as sharp as a bowling ball"...lol I still use that when it comes to my own kids at times..
The other memory I have is when we would ask how we did on a project, he would tell us the expected grade, when you asked how can you get a better grade... he would offer to play a hand of cards. He would always tell you the expected grade and give you that option to play, if you beat him you got to pick your own grade, but if he won you got the grade which he had said.
The memories are priceless... Such an amazing teacher, who left a wonderful impact on all his students. R.I.P. Mr. E.... forever in all the hearts of the students you left such a positive impact on. I send my prayers and deepest condolences to Mr. E's family.

“ Very sorry to hear about his passing. I was actually just telling my daughter stories about him a week ago. Best woodshop teacher ever!! My favorite quote ever from him that I still use to this day : "YOU'RE ABOUT AS SHARP AS A BOWLING BALL"

“ To the Engleman Family,

I am very sorry to hear about the passing of your loved one. I am a former student of Mr. Engleman. I took woodshop with him in eighth grade. Although, I never had much of an interest in carpentry (I became a writer) I remember him as a quiet, reserved man with a curious sense of wisdom which, seemed to me, masked by his humble nature. It was an endearing quality and something I always admired him for. He also had a great sense of humor and made my peers and I laugh when we least expected it!

It was a pleasure to know him. He will be greatly missed by all that knew him. My thoughts and prayers are with you at this difficult time.

With Deepest Sympathy,

- Victoria Williams

“ Mr. Engleman was my woodshop teacher when I was young. He was always really upbeat, he was good at what he did and he had that odd sense of humor that kept smiles on his students' faces. He's one of the few teachers i can honestly say I'll never forget. R.I.P. Mr. Engleman!

We are deeply sorry for your loss! 😞 He was an amazing teacher, my oldest daughter was lucky enough to have him! I was really upset that my youngest daughter wasn't blessed to have him. She was the first class not to be so lucky to have wood shop. Please know that you are in our prayers. Mr.Engleman was a great teacher and will be missed by many and remembered by all who were blessed to make something in his class. ❤️ The McWilliams' Family

Sorry to hear of Mr. englemans passing. 18 years ago he was my shop teacher. I will never forget him. He gave one of the greatest lessons in the importance of following directions. I still share that story today. My condolences to his family.

To Jimmie's family, my condolences- to his friends and colleagues- his is with us still. Jimmie was a character that only a Hollywood writer could create. And we all had the best time of our careers working alongside him! Just reading the accolades written by his students - referring to the hilarious nicknames he bestowed on each and every one of them- is heartwarming indeed. We are all better people for knowing such a kind and generous person. One who was a fixer not only of all things mechanic, but of people's smiles as well. Rest in peace my friend.....

So sorry to hear of Jim's passing. Rick and I had so much fun with Jim years ago, down the river, on the houseboat, Sitter, so many good memories. "keep smiling, hell's only half full" was how he would say bye to us. We always knew it was Jim because of the tune his truck's horn would play as he came down our dead end street. I saw Jim about 3 years ago, at Monster Beverage, he was carrying his familiar Old Milwaukee Beer and his cigs were in his pocket. He was a good soul who would do anything for you. RIP, Jim.

I remember first meeting Jim in September of 1979 in the Westby building in what was Glassboro State College. Jim and I became good friends and and spent lots of time at each other's houses working on everything from plumbing to roofing to electrical work and everything in between. I even remember putting a gas line in my house the day after a party celebrating the end of our student teaching. I have many fond memories of us driving to the river early on many a chilly morning to take out the dock for the winter only to return in the spring to re-jet the pilings in place for the upcoming season. Invariably we would stop at his good friend "Sitter's" house across the road from the river to make sure she was ok and to do some work on something for her. He never ever said no to anyone who needed help with anything. I lost touch with him later. I am very sad to hear of his passing. The world is less than what it was with Jim in it.
