“ *I was saddened to learn of Mr. Burns' death recently. I call him that because that is how I knew him way back in high school in Moorestown when I was often at his house with his daughter Jeanette. He was a no-nonsense guy and was very clear about his protective feelings for her. So I respected him and knew him as a very intelligent and caring father. I am hoping Jeanette is OK and I am thinking about her. Bob Becker*

“ *Joan and I were sorry to hear of Jerry's passing. We are away from home until August 12th. . Jerry and Jean had visited us at our previous address in Huntingdon Valley. He was genuinely interested in maintaining contact with relatives, and shared with us his interest in family ancestry. Our sincerely sympathy to Jean and her family on their loss. “ *Dear Aunt Jean and Jeanette,
I was sad to hear of the death of Uncle Jerry. I remember all of the good times we had with you and Jerry when I was young, and the time you visited Lynne and I at our Beverly home. Our family is getting so small.....Hope you can come see us sometime!*
