“ *I remembered meeting Mr. Boyer AKA Pops at PB. I was one of his aides that took care of him until he was transferred to another facility. Not only he was my patient, but he was also my best buddy. John always had a smile every time I walked into his room. He wasn't afraid of me. He called me his Angel. He trusted me as I took my time with him. I encouraged him to strive and gained strength, which he has. I remembered all the stories he had shared with me and few of his favorite aides that took good care of him. I would never forget him. You will be missed. Love you Pops!*
