“ *To The Family of John Makel,*

*I had the privilege of serving with John on the Board of Memorial Hospital and the Virtua Health System Board. I was inspired by his vision of Health Care for Burlington County. He was a true public servant. His influence will be dearly missed. Our world sorely needs more people like John Makel. I pray that the empty place in your hearts will be filled with love and wonderful memories.*

*Sincerely,*

*Randy Reeve*

“ *I have known Mr. John for more than a year. He was kind and one of the nicest resident at The Evergreens. I feel privileged to have known him. May the comfort of God helps his family during this difficult time. With deepest sympathy.*

“ Dear Makel family:

*I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.*

HA

“ John became a respected friend and colleague while working together with him during the creation of the Virtua Health System and the first six years of its development. His contributions to Southern New Jersey community health are significant and important . On a personal note, I will always have fond memories of our good times together.
