“ *Dan was my supervisor when I first moved to Florida and started at APRO. During some difficulties getting settled Dan stuck by me! He was always more like a big brother than a boss. I have definitely missed him. Deep condolences to all.*

“ *Danny was my baby brother. He was the best of men. He was kind and giving. Everyone he came in contact with seemed to love him immediately. It was his gift to this world. I will miss him for the rest of my life....*

“ Dan was my supervisor when I started at APRO he was a detailed individual to say the least. He made me a better mechanic for sure. When he left he was definitely missed and we still tell stories of his days at APRO. My sincere condolences to his family. RIP Dan!
