“ I have known Kathy for more than half my life(which is a very long time) Kathy had a genuine sincerity for the well being of others. Despite her own tumultuous times, she was always smiling. Her smile could easily light up the hearts of those she was in the company of. Her laughter was so contagious, I often would forget what we thought was so funny. I admired her heart most of all. I honestly can not remember her ever having a harsh word against another human being. She loved her family, the friends at Medford Leas and her church. She found time to volunteer and spread human kindness to those who needed it most. She truly left this world a better place by showing the power of love over hate. I plan to carry all the life lessons that she taught me in my heart so that only her physical presence will be missing. Kathy, I love you to the far reaches of heaven and beyond. till we hug again.... Clarice

“ Kathy was a special friend I met @ Trinity. We enjoyed a Sunday morning greeting and often shared a pew. Kathy always enjoyed meeting people and talking about her family, independence, job, love of God and her cat! Rest in peace and may God Bless your friends and Family.

“ Before the virus closed down the Trinity office, I volunteered at the front desk on Mondays and Kathy visited with me on a regular basis just to say hello and share some of her thoughts. One of her longer visits was to share leaving her job at Medford Leas, where she enjoyed working. We had a big hug. She was very special.

“ I first met Kathy when she was working at Medford Leas. She so loved helping the residents there. Then she moved to Main St. and began going to Trinity. I enjoyed taking Kathy to her audiological appointments. We had wonderful conversations. I will always fondly remember her.
