June and I are very fortunate to have known Lark. She was a sweetheart. Lark and I spent many hours just talking about her family and corvettes; her loves. Lark fought the illness with great courage and dignity. God bless you Lark. Steve

“ As current President of Lakes Corvette Club, I would like to extend my deepest sympathies to Lark's family. The club membership joins me in offering our heartfelt condolences to each of you on your loss. Lark was a member of Lakes Corvette Club for ten years, and I firmly believe she found great joy with the people she met and befriended within the club, as well as sharing her fondness for the car she enjoyed so much. I recall her happiness on a trip the club took to Lake George a few years ago for a Corvette weekend. She invited my wife to accompany her in her Corvette, so that my young son could ride with me as the cars cruised through the downtown streets on a warm September evening. My wife reminded me how much fun she and Lark had that night, and we are all glad that it brightened her life.

We will all miss her, and are saddened at our mutual loss.

Lark was a great friend to us all.

As an expression of honor and freindship, it is our custom to have a brick inscribed with Lark's name placed within the walkway at the National Corvette Museum in Bowling Green, Kentucky. As each of our current and future members travel to the Museum, they will see her name and know that she was a part of our family too.

Please be assured that your family will be in the thoughts and prayers of our members, and that Lark's presence with us was truly a gift that will be sorely missed.

God bless each of you.

“ I met Lark at the Future Fitness swimming pool a few years ago. We would talk while we walked in the water. She invited me to her home on a few occasions and then to the Canoe Carnival in Medford and to make a gingerbread house at the Friends Meeting House in Mount Laurel. She was so kind and generous. She fought her battle with courage and dignity. I'm so sorry she didn't beat it. I will miss her. My condolences to her family. Karen Bordonaro

“ To the family of Lark Coles,

Our hearts and prayers go out to the family and friends of Lark as they work their way through their loss. I knew Lark from the Lakes Corvette Club where she was an active member and was our Sergeant of Arms. She loved her Corvette and it was one of the nicest 2001 Z06's I have seen.

God bless you Lark, we will miss you forever.

“ Dear Holly, Wendy, Bonnie, Mathew, David, cousins, grandchildren! I am so sorry for your loss! Lark is in a better place now where she joins your mom in the life thereafter. Not unlike her sisters and mother she was a strong woman who new what she wanted and faught for her family like a mama lion! I have known all of you since we were kids and want to thank you for giving me a place in your family. I am sory I couldn't be there to give my support and love during this very sad time. Just know that you are all in my thoughts and prayers while you grieve and celebrate the life of Lark. She will be missed by many! Love Wendy "stick" Ames

“ For the past 20 plus years, Lark has been the "voice" at the end of the line whenever I called for my plumber, Craig. She would often take the time to chat, and if the conversation turned to our grandchildren.....well.....let's just say we can be grateful for unlimited minutes. Lark clearly loved those kids, and we swapped many happy stories of grandparenthood. She must've been pretty gosh darn selfless, because I never even knew Lark was sick. Since I only knew her over the phone, and she never mentioned it, I just didn't know.

Well on Friday I called for the plumber, and Craig answered. Not too odd, but I did wonder where my friend Lark was. When Craig was leaving, after snaking the drain, I said, " Hey, give my best to Lark." Craig told me then, that Lark had passed.

I am so sorry. You guys must be so sad. Although, I only knew Lark over the phone, I know she had a beautiful, loving spirit. I know she is proud of her kids and that she loves her grandchildren, even from where she "sits" now. I believe what my mother (God rest her soul), told me long ago, that, "the dead are closer to us than we know...."

May you all hold each other tight, and grow closer together, as you help each other grieve.

God bless you.
