“ *Dear Mason family:*

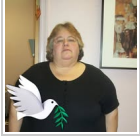

*I wish to convey my sincerest condolences to your entire family. Losing a loved one in death is one of the hardest things that anyone will ever have to deal with. There is a great hope held out to us for the future because God promises to bring those we lost back to life by means of a resurrection to a paradise earth, where sickness and death will be no more. I hope this brief message will bring you a measure of comfort in this difficult time.*

“ I don't know how old we were but our two families took a vacation to Fla together. At one camp ground; while our folks were setting up camp we asked if we could go down the path to the water, along the way we saw what we thought was a tire and we decided we,do play with it. Needless to say when Larry,Howie, my two sisters and I were shocked and scared when it turned towards us. If don't even remember running but next thing we all knew was we were back in the campground, out of breath and telling our .folks what happened. It will never forget how scared I'm was; as it think all 5 of us were
