“ *Nella and Al helped raise me. Their daughter gave me a family and it is the best of thing on this good earth. The good times rolled hard and strong as are the tastes of those memories while Karen and I courted for so many many formative years.*

I bounce between appreciation for it all, saddened that it can feel past tense, again thrown forward holding on to enthusiasm for making new memories. The love of my wife and her family, grand kids, a happiness focus, continued surfing, and so much more that developed from their attention and love for us. I miss them.

“ So many memories of Aunt Nel, all of them great! One of the best memories was after my high school graduation, her and Uncle Albert showed up at the house and brought me flowers. It was very special to me because we had just lost my Dad a few months before, and I think she knew I would be missing him on my graduation. I love you Aunt Nella and I know you and Uncle Al are together now, probably raising h*ll!!!
