“ *Aunt Pat was the family photographer and the best when it came to writing letters and staying in touch. One of my earliest childhood memories was fishing on their dock with worms and catching fish all day and then going on their boat for sunset cruises. I love you and you will be missed.*

*Pat was a good friend and neighbor of my mother, Betty P. Ware, in Roanoke, Virginia. She was upbeat and thoroughly enjoyed being on the go. We all have photographs lovingly taken by Pat, then later sent to us, always with a sweet note. My husband, Grant Smith, and I spent our honeymoon at "Top Notch", Pat's lovely home on Smith Mountain Lake in 1998. She had many friends here and is missed by many.*
