“ *Russell and Family,  
Russell, as you know I have known your father since I was 12 years old. Perry and Shirley moved into an apartment across the street from me on Central Ave. Perry would always say Hello and talk to me as a child. I never forgot that Texas accent. Later in life, 1965, he built my home on South Stanwick along with Howard Reed, Tom Conway, Biggy Johnson and Fitzgerald. In 1976 Perry worked on our addition. He once told me it was his favorite house at that time because of the changes we made. I also would have coffee with him and the boys across from the Post Office.  
I will always remember him as a true and sincere friend. It was a special blessing for me to know Perry.  
Your friend - He always called me by my nickname - Bodee
