“ *Dear Carol and Barbara,
I am so sorry to hear about the passing of your father. I remember all the fun we had as we were growing up. Your dad was so eager to share his love of mechanical engineering. I didn't always understand everything he said, but I always enjoyed listening and watching him work. Both your parents were friendly, giving people and having you all as neighbors growing up made my childhood very special.
My sincere condolences to you both.
Sincerely,
Cathy (Loring) Manning*
