To Tom's family - I was very fortunate to work with your talented and most kind father in the mid to late 80's at CSC. It was my first job out of business school and he was a generous and joyful mentor to me and every other young person who was lucky enough to work on a team with him. I didn't realize at the time that the folks at CSC would comprise the finest teammates of my career. CSC attracted some of the best of the best and your father was no exception. Peace to your family. To Tom's family - I met Tom and June at Medford Leas about 3 years ago, where I was spending many days with my mom. We would run into each other frequently and gradually developed a meaningful relationship. They were both such lovely, welcoming, and warm people. More recently, Tom and I would look for each other on Sunday mornings as he waited for his ride to church and I was arriving for my mom. We would wave across the activity room and acknowledge each other and even exchange greetings or jokes in passing. Then this Covid hit and has kept me from seeing my friends at Medford Leas. I'm sorry that I did not get to see him again but I know he is with June in God's arms. I am so glad to have known him. Peace to your family.
