“ Tom was QA Asst.VP when I joined WIL in their Plant Production Technical Group. Tom and I worked together for over 20 years providing Technical assistance to our international plant operations. Tom was dedicated to WIL and QA with his calming approach to decisions. During retirement we enjoyed weekly ROMEO Luncheons at the IAC Club in Wayne also dinners with our wives. I will remember and miss him in my life.

“ I was saddened to learn of the passing of my Uncle Tom. He was the youngest sibling of my late father, Ray, and the last of that generation of Mayos.

When I was young, he was "Young Tom," given my grandfather's name, Tom's dad, was Tom. And he WAS young compared to all my other aunts and uncles. I remember him as kind, soft-spoken, and precise-in-language (I was "Robert," not "Bob.") And he was very intelligent. He and my dad both attended St. Mike's in Winooski and Syracuse University. He was the first person I ever knew who read the New York Times -- huge paper on the coffee table in New Brunswick, New Jersey.

My thoughts and condolences are with my Aunt Joan and her extended family.
