“ *I went to high school with Torry. There were quite a few who stayed in touch with each other. Torry was my daughter Judy's God Mother. In 1964 my husband got a job in Virginia and we have been there ever since. And we have stayed friends with the women and their husbands from school. We all have had good lives and Torry was a mainstay in the group. My husband and I and our daughter will miss her very much.*

Tory was the best and dearest neighbor. We spent many Friday evenings playing rummycub with others in our community and she always made us laugh. She won our last game. We miss her so much, she will always be in our hearts.
